Dear Registrar

RE: Inquest into the death of Shaun McBride (date of findings 30 May 2017)

We refer to our letter of 13 October 2017 and provide the following by way of update.

Technical Committee BD-036 *Scaffolding* met recently and has commenced a project for the revision of AS/NZS 4576 *Guidelines for Scaffolding*. The scope of the revision project has been amended to include State Coroner Fogliani's recommendations regarding floatation devices to be worn by scaffolders working over or adjacent to water.

At this stage, we expect publication to occur by the end of 2019.

Standards Australia will keep the Coroner's Court Western Australia informed on the progress of this project.

Should you have any questions please feel welcome to contact me on 02 9237 6023 or at [sherene.daniel@standards.org.au](mailto:sherene.daniel@standards.org.au)
