Dear Registrar,

RE: Record of Investigation into the Death of Robert Stephan Hamiora Serjeant
Ref No: 47/16

We refer to the findings handed down by Western Australian Coroner Barry Paul King into the death of Robert Stephan Hamiora Serjeant on 5 December 2016 and to the following recommendation:

That the Western Australian Commission for Occupational Safety and Health and the Minister of Commerce consider and, if appropriate, implement as soon as possible amendments to the Occupational Safety and Health Regulations 1984 to apply the requirements of AS 3850:2015 to civil construction works.

Standards Australia has approved a project proposal to amend AS 3850.3:2015 *Civil construction*. The project commenced on 14 September 2017. We expect public comment to occur in late 2018, with publication to follow thereafter, in accordance with Standards Australia's standards development processes.

Standards Australia will keep the Coroner's Court Western Australia informed on the progress of this project.

Yours sincerely,

Sherene Daniel
